

People Counter NB-IoT

- Easy installation
- Narrow Band IoT Communication
- Free from GDPR issues
- Battery powered
- Bi-Directional horizontal counting
- Infrared technology
- Enhanced Noise Immunity

The People Counter with Narrow Band IoT communication works with horizontal infrared technology.

No camera or personal data is used, meaning you will not have issues regarding the European GDPR.

Easy installation for accurate counting without the need for setting up count lines or calibration and so on..

Count values are registered for people entering and leaving. Data is send within a minute to the IoT Gateway. Status information for remote monitoring is available.

Specifications

Power supply	: 2x 1.5V AA Lithium batteries
Communication	: NB-IoT (band 8, 20)
Data rate	: NB1
SIM Card format	: Nano (4FF)*
Protocol	: UDP (MQTT-SN on request)
Configuration	: NFC (Android App)
Battery life	: approximately 1 year @ 15 minute interval
Dimensions	: 116x69x22mm
Color / Material	: black or white / ABS
