

# SenseCAP T1000-A&B Charger Station

## Specifications

Total Power Consumption	
AC Voltage	100-240V
AC Frequency	50-60Hz
Input DC Voltage	19V
Input DC Current	<3.5A
Output	
Ports	2-pins Magnetic charge port x28
Output Voltage	5V
Total Output Current	<10.6A

## Dimension

Supports replacement with power sockets of multiple countries/regions
